- It is **NOT** recommended for children younger than 8 years old to climb the tower

## **UNACCOMPANIED CHILDREN ARE NOT PERMITTED TO CLIMB THE TOWER**

- You will be issued a 'token' with each ticket
  - return tokens when the you leave.
  - if no more tokens are available then the next person has to wait until a token is available.
- The door is left **unlocked** while visitors are in the tower:
  - to allow visitors to climb without having to wait for previous visitors to return (pass the key along - Last one down locks up)
  - to allow access to anyone with difficulties while in the tower
- There are 165 stairs including spiral stairs, some people have found the enclosed stairs claustrophobic.

*There is a distress alarm at the top of the tower.  
It is for use in **medical emergencies** only.  
The alarm sounds as a long uninterrupted high pitch tone  
If the alarm is sounded **an ambulance will be sent immediately***
